Good Afternoon Everyone:

The Community Development Department is conducting a series of consultation meetings regarding the City's Consolidated Plan, which is the City's blueprint for how to revitalize low income neighborhoods and build sustainable communities in the next five years. We are seeking the input of various commissions and organizations on the needs of and services for your constituents so that we can better align and coordinate community development programs to achieve greater outcomes for the community.

We are requesting your assistance in completing the attached questionnaire and returning it Friday, November 9, 2012 (note the

attached letter reads November 7, but we are extending the deadline to Friday). Also attached is a letter from the Office of the Mayor that more fully describes the purpose of the consultation.

Thank you in advance and please feel free to contact me if you have any questions. We look forward to your input.

Rita
